Executive Summary:

Performance of Ministry of Finance in the fiscal year 1392 was significant. In particular, core budget revenues realization was close to expectations; however, in terms of core budget expenditures, the core development budget expenditures were lower due to some known factors. Most of the other supporting and development activities were achieved in line with the set targets.

Domestic revenues both tax and non tax reached to Afs 109 B as end of FY 1392 showing a shortfall of 4% against the IMF target of Afs. 114.10 B for the 12 months. . Relative to revenues of last year, Afs. 81.39 B¹, it shows an increase of 34%.

Customs revenues reached to Afs 49.4 B as end of FY1392, showing a shortfall of 9% against the FY1392 target of Afs. 54 B. Compared to last year's customs revenues, Afs. 35.84 B, it shows an increase of 38%.

Core budget/national budget for 1392 is Afs 360.388 (operating budget Afs 213.370B and core development budget Afs 147.018B). Compared to last year's core budget of Afs 265.321B (operating budget Afs 157.971 B and core development budget Afs 107.350 B), it shows an increase of 36%. The operating budget has increased by 35%, and core development budget shows an increase of 37%.

The execution rate of core development budget is 52% as end of the 1392 FY, while last year, it was 50%. This low execution rate of the core development budget is primarily due to increasing of development budget and low capacity at ministries and government agencies in planning and executing projects. Also the costing done by line ministries is not realistic. On the other hand, the execution rate of operating budget is 93%, while last year it was 86% for the same period.

Related to the core budget financing, domestic revenues covered 30% of it while the short fall of 70% was covered by donors' assistance to core budget. Compared to operating expenditures, domestic revenue covered 55% of it.

Macroeconomic framework was developed for 1393 budget statement. MTFE was updated for 1393 Pre-budget and 1392 budget / budget statement. MTFE also includes projections for the medium term. Revenue projections have been done for the 1393 pre-budget report and for the 1392 budget statements.

Transactions on operating budget is reconciled daily but finalized on a monthly basis. Reconciliations on Development Budget is completed within 30 days of month end.

In FY 1392, PPU assessed 8 Line Ministries (MRRD, MoD, MOC&IT, MAIL, Mol, MCN, MoWA, MOHE) for Capacity Certification and standalone procurement. Out of these 8 LMs, MoD, Mol,

¹ 1391 FY was nine months

MCN, MoWA are certified for standalone procurement, MAIL, which was certified in the past, is decertified hence MAIL is obliged to process its procurement according to PPU circular through ARDS. PPU's recommendations and findings have been communicated to these non-certified organizations in relation to their procurement proceedings in order to improve those deficiencies and get prepared for certification in the near future.

MoF FY 1392 taskheel reached to 8565 positions of which 1811 posts are Ajeers, which is almost 0.2% higher than the number of the tashkeel positions, 8550, in 1391. In training and development area, 93 training programs were conducted and 2255 staff were trained.

MoF 1391 FY annual performance review report, 1392 FY 1st quarter and semiannual and nine months performance reports were prepared both in Dari and English in line with the strategic plan and uploaded in MoF website. The template of results framework for Office of DM for Admin was updated and regular reports have been prepared in line with it and submitted to HE DM for Admin. Additionally, MoF TA report was updated.

Related to SOE Department performance, during the fiscal year 1392, in total 3.46 billion was paid to Large Taxpayers Office on account of tax and other obligations from SOEs. Also, during 4th quarter, SOE Department has collected Afs. 9.1million from SOEs as rent, profit and other obligations and paid to SoEs bank account.

With reference to registration of government's properties, 2040 properties, including 840 in capital (Kabul) and 1200 properties in provinces which comprise apartments, buildings, electricity stations, mosques, restaurants and gardens have been registered during the first six months of fiscal year 1392. Also 6 properties were contracted through auction process.

During the FY 1392, management meetings have been held regularly, 21 Presidential Decrees, 1129 Presidential Orders and 49 decisions of Cabinet were followed up for execution. Additionally, letters were prepared. Also arrangement of press conferences, invitation of media, publishing of press release and news releases are the main activities that are executed by Media Office.

Under Project Implementation Unit (PIU), MoF 24 development project budgets are executed as per their prior plan and expectations.

Under the Office of DM for Policy, 21 out of 22 NPPs have been endorsed. Also, after one and half year's discussions with the line ministries and donors, the governance cluster was able to finalize the NPP 5 (Law and Justice for All Programs).

A research article on Fiscal Framework on Afghanistan Mineral Sector was prepared and published in the 4th Quarterly Fiscal Bulletin.

Revenue Model was updated for the FY1393 budget based on new macroeconomic assumptions and new tax measures.

During the quarter in consideration, the FPD developed a debt sustainability analysis model, the results of the model suggests that whether the current level of debt is sustainable or not, and whether the country is in a position to borrow further debts by cross checking the Debt to GDP ratio, Debt to Export ratios, Debt Services to Revenue ratios and etc with other those of highly and less developed countries, the debt is then taken from bilateral and multilateral financial institutions to finance its future development projects, mainly, mega infrastructure development projects. Furthermore, multiple scenarios were tested in this analysis, along with different sensitivity analysis.

The contingency projection includes pension projections and pension for martyrs and disables projections, pay and grading projections and etc. these projections will be reflected in the national budget. And the national budget will be made on the basis of these contingency codes.

First draft of macroeconomic forecasting model has been prepared and this will be expended further once all the required and reliable data collected, this model will be used together with Reviews for the macro variables forecasting in coming months.
